ABSTRACT OF THE REGULATIONS

OF THE

DEPARTMENT OF ARTS.

THE college year is divided into three terms; the *first* beginning on the 15th of September, and ending on the 24th of December; the *second* beginning on the 2d of January, and ending on the 31st of March; and the *third* beginning on the 2d of April, and ending on the last Thursday of June (Commencement day).

The course required for the degree of Bachelor of Arts is the same for all students, during the Freshman and Sophomore years; but, at the beginning of the Junior year, an *election* may be made in certain departments, by each student, which election is binding for the two remaining years. All the studies in the "Department of Intellectual and Moral Philosophy," and in the "Department of Natural Philosophy and Chemistry," and a part of the studies in the "Department of History and English Literature," are *required*. The studies to be *Elected* are—

1. Either *Greek* or *German*, or *Spanish* :
2. Either *Latin*, or *French*, or *Italian* :
3. Either *Pure Mathematics* or advanced studies in *History and English Literature*.

A tabular statement of the studies in the several Departments will be found on the next page.

The students pursue either the full course, for the degree of Bachelor of Arts, or the full course for the degree of Bachelor of Science, or any portion of either course which the Faculty may sanction. And at the termination of such *partial* course, the student will receive a certificate of proficiency in the studies which he has pursued satisfactorily.

The students of the full course are distributed into four classes, viz: the Senior, the Junior, the Sophomore, and the Freshman Classes.

To be admitted into the Freshman Class, a student must be at least fourteen years of age, and qualified for examination on the following subjects and authors:—

ENGLISH.—Ancient and Modern Geography (Labberton's Historical Atlas is recommended). English Grammar.

GREEK.—Greek Syntax and Prosody. *Xenophon* (Four Books of the Anabasis). *Homer* (First three Books of the Iliad).

LATIN.—Latin Syntax (Jackson's Syntax of the Latin Noun). Prosody. A practical familiarity with the scanning of Hexameters. *Cæsar* (Three Books of the Gallic War). *Virgil* (Six Books of the Æneid). *Cicero* (Four Orations against Catiline). *Horace* (First Book of the Odes).

MATHEMATICS.—Arithmetic. Elementary Rules of Algebra, including Simple Equations.

Prizes are offered to students entering the Freshman Class for proficiency in Greek and Latin Prose Composition. See under the head of PRIZES, p. 36.

 The examinations for admission will take place on the *Tuesday* and *Wednesday* preceding Commencement day, June 25th and 26th.

No student is admitted to advanced standing without being as fully instructed as the class, to which admission is asked, in all the studies which the class has pursued.

THE SCIENTIFIC COURSE.

[ The building which the Trustees are now erecting in West Philadelphia for the use of the Scientific School of the University will be completed and ready for occupation at the beginning of the next college year, September, 1872. Plans for its organization on the most liberal scale are now under discussion, and will in a short time be decided upon. A special Announcement will then be published, giving full details of the organization of the School.

The following statement, therefore, concerning the Scientific Course must be regarded as provisional, and applying only to the current year.]

The plan of this course is designed with the view of affording professional training to those who propose engaging in Mining, Metallurgy, Civil and Mechanical Engineering, and other kindred pursuits. In anticipation of the full organization of such a school, preparatory instruction is now given in the Collegiate Department. At present this course extends over two years, and forms the basis required for the technical instruction proposed to be given during the last two years in the Scientific School, to prepare the student for the special profession selected by him.

Students satisfactorily prosecuting the studies of this course for two years, and a full elective course (including the Mathematics), with the Juniors and Seniors of the Department of Arts, or such other course as may be provided for this degree in the Scientific School, will receive the degree of BACHELOR OF SCIENCE instead of that of BACHELOR OF ARTS.

Candidates for admission to the Scientific Course must be at least fourteen years of age, and must be prepared to pass an examination in Ancient and Modern Geography, in English Grammar, in Arithmetic, and in Algebra as far as Quadratic Equations.

The following studies are pursued in this Preliminary Scien-

tific Course. The subjects embraced in the special or professional course, extending over the last two years, will be announced on the full organization of the SCIENTIFIC SCHOOL OF THE UNIVERSITY.

PRELIMINARY COURSE FOR THE DEGREE OF BACHELOR OF SCIENCE.

First Year.

MATHEMATICS.—Algebra (*Alsop* to Chapter VII.) Mensuration (*Vogdes*). Geometry (*Legendre*, first eight books).

ENGLISH.—Weber's Outlines of Universal History, with Labberton's Historical Atlas. Compositions and Declamations.

PHYSICAL SCIENCE.—Methods of Investigation in Physical Science. Somatology. Chemistry.

FRENCH.—*Collot's* Pronouncing French Reader. *Bregy's* Compendium of Grammatical Rules. (First Part.) Guide to French Conversation (*Smith*).

DRAWING.—Geometrical and Isometrical Drawing, and Drawing from the Flat.

Second Year.

MATHEMATICS.—Algebra completed (*Alsop*). Geometry completed (*Legendre*). Trigonometry, Plane and Spherical (*Legendre*), with Applications to Surveying, &c. Descriptive Geometry. Conic Sections.

PHYSICAL SCIENCE.—Practical Mineralogy. Determination of Species. Chemistry. Elements of Mineralogy.

ENGLISH.—Elements of Rhetoric (*Bain's Rhetoric*, with Lectures and Practical Exercises. Lectures on the English Language. Compositions and Declamations.

GERMAN.—*Plate's* German Studies. Practical Exercises in Translation.

FRENCH.—‘*Un Philosophe sous les toits.*’ *Sue's* Grammar. Guide to French Conversation (*Smith*).

SPANISH.—*Ollendorf's* Spanish Method. *Tolon's* Spanish Reader.

DRAWING.—Perspective Drawing. Principles of Architecture. Shading in Indian Ink.

On each day of the week, except Saturday, there are three or four recitations of one hour each for every class.

The character of each recitation is recorded, and the results communicated to parents or guardians at the end of each term.

During the first and second terms, private examinations in the way of review are held by each Professor; and at the close of the third term, a public examination upon the studies of the whole year is held by the Faculty. At the end of each term students who attain distinction are classed in order of merit.

The fees for instruction in the full course of the Department of Arts, or in the full Scientific Course, are \$35 per term, payable in

advance. Students who pursue one or more subjects are charged for each branch one-third of the fee charged to regular undergraduates. The Graduation fee is \$20.

Two Literary Societies, consisting of students and alumni of the Institution, are sanctioned by the Board of Trustees, and meet in the University, being under the general control and supervision of the Faculty.

The degree of Master of Arts may be conferred on the alumni of the University, bachelors in the arts of three years' standing, who apply for it. Bachelors of Science (of three years' standing) are entitled to the degree of Master of Science, on presenting to the Faculty a Thesis, which shall give satisfactory evidence that the author has continued to devote himself with success to science.

A public Commencement for conferring degrees is held on the last Thursday of June.

PRIZES.

I. A stated annual appropriation is made by the Board of Trustees to enable the Faculty to offer *Prizes* for superiority in the performance of voluntary exercises, over and above the ordinary Course. The subjects are proposed by the several Professors early in the year; the award is made by the Faculty, and reported to the Board, before the month of June; and the names of those who have received Prizes are published at the annual Commencement.

The Prizes offered for the present year, under this regulation, are—

1. In the DEPARTMENT OF INTELLECTUAL AND MORAL PHILOSOPHY, a Prize of the value of \$20 for the best Essay, by a member of the Junior Class, on "*Innate Ideas*."

2. In the DEPARTMENT OF GREEK LANGUAGE AND LITERATURE, a prize of the value of \$30 for the best examination upon the "*Oration of Demosthenes on the Crown*," to be read with the Professor, by members of the Senior Class.

3. A prize of the value of \$20, for the best examination upon the "*Prometheus Vincit*" of Æschylus, and the "*Oration of Æschines on the Crown*," to be read with the Adjunct Professor, by members of the Junior Class.

4. A prize of the value of \$10, for the best examination, by a

member of the Freshman Class, upon *Greek Prose Composition with the Accents*.

5. In the DEPARTMENT OF HISTORY AND ENGLISH LITERATURE, a prize of the value of \$30 for the best English Essay, by a member of the Senior Class, subject: "*The Obligations of the World to the United States*."

6. A prize of the value of \$20 for the best English Essay by a member of the Junior Class, subject: "*The Influence of the Northmen on European Civilization*."

7. A prize of \$15 for the best Original Declamation by a member of the Sophomore Class.

8. A prize of \$10 for the best Declamation by a member of the Freshman Class.

II. To encourage the training in Greek and Latin Prose Composition in the Preparatory Schools, a first and second prize has been established by the Faculty, under authority of the Board of Trustees, of the values of \$15 and \$10 respectively, to be awarded annually to the two Freshmen who upon entering College shall pass the best special examination in the *Elements of Latin Prose Composition*, provided said examinations reach a satisfactory standard of excellence: the examination to take place on or about the first day of October. The examination in 1872 will be upon the whole of Part I. of Arnold's Latin Prose Composition. Certificates of the fact will also be presented to *all* competitors whose examination reaches a satisfactory standard.

Two prizes of like amount for *Greek Prose Composition* will be awarded annually. The examination in the year 1872 will be upon the whole of Leighton's Greek Lessons.

III. A prize of \$20 has been established by the Board of Trustees, to be awarded to such member of the Scientific Classes as shall, "*by his improvement in Drawing, and his general good conduct and application*," be entitled to such honorary distinction.

IV. The "HENRY REED PRIZE," founded by the Alumni of the University in memory of the late Prof. Henry Reed, is annually awarded for the best *English Essay* by a member of the Senior Class, entitling the successful candidate to one year's interest on

a certificate of loan issued by the City of Philadelphia, in the sum of \$600, and also to an accompanying Diploma of Merit. The Essays must be handed in to the Provost, for transmission to the Board of Trustees, by the first day of April. The subject assigned for the present year is: "*Ballads and Popular Songs in History.*"

V. The SOCIETY OF THE ALUMNI have founded the following prizes:—

1. A prize to be annually awarded to that member of the graduating class who shall present the best *Latin Essay*, entitling the successful candidate to one year's interest on certificates of loan, issued by the City of Philadelphia, in the sum of \$900. The Essays must be handed to the Provost, for transmission to a Committee of Examiners appointed by the Society, by the first day of May.

2. A prize to be annually awarded to a member of the Junior Class for the best *Original Declamation*, entitling the successful candidate to one year's interest on certificates of loan, issued by the City of Philadelphia, in the sum of \$300.

GRATUITOUS INSTRUCTION.

The Committee on the Department of Arts may admit, for gratuitous instruction in this Department, such pupils, not exceeding fifteen at any one time, as shall, after application to the Provost, have been examined and approved by the Faculty, and reported by the Provost as worthy of admission.

REGULATIONS

OF THE

MEDICAL DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

THE Medical Department is under the immediate government of the Medical Professors, who constitute the Faculty of Medicine, subject to the Rules and Statutes of the Board of Trustees. The Faculty consists of—

A Professor of the THEORY AND PRACTICE OF MEDICINE AND CLINICAL MEDICINE,

A Professor of ANATOMY,

A Professor of MATERIA MEDICA AND PHARMACY,

A Professor of CHEMISTRY,

A Professor of SURGERY,

A Professor of OBSTETRICS, AND THE DISEASES OF WOMEN AND CHILDREN, and

A Professor of the INSTITUTES OF MEDICINE.

The Medical Faculty hold meetings for the purpose of arranging and conducting the business of the department, and for the preservation of order and decorum among the medical students.

One of the members acts as Dean, whose duty it is to keep the Minutes of the Faculty, to arrange the examination of the candidates for graduation, to conduct the business of the Faculty at their meetings, and to attend to correspondence.

The Session for the Medical Lectures begins early in October, and ends early in March ensuing.

The Commencement for conferring the Degree of Doctor of Medicine is held by a special mandamus of the Board of Trustees during the month of March.

The following are the Rules in force in relation to the Degree of Doctor of Medicine:—

I. The candidate must have attained the age of twenty-one years, have applied himself to the study of Medicine for three years, and

been, during that time, the private pupil for two years, at least, of a respectable practitioner of Medicine.

II. The candidate must also have attended two complete courses of the following Lectures in this Institution:—

Theory and Practice of Medicine,
Anatomy,
Materia Medica and Pharmacy,
Chemistry,
Surgery,
Obstetrics and the Diseases of Women and Children,
Institutes of Medicine,
Clinical and Demonstrative Surgery.

III. Medical students who have attended one complete course in a respectable Medical School, where the attendance on two complete courses is necessary to a degree, where the same branches are taught as in this, and which is placed upon the *ad eundem* of this school, are permitted to become candidates by an attendance here for one full course; the rules of graduation being in other respects observed. They are also exempted from the payment of fees upon attending a second term.

IV. When a candidate applies to the Dean for admission, he must exhibit his tickets to prove that the above rules have been complied with.

V. The candidate, at the time of his application, must deliver to the Dean of the Medical Faculty a Thesis, composed by himself, on some medical subject. This Thesis is referred to one of the Professors, who shall examine the candidate upon it, and make his report thereon to the Medical Faculty.

VI. When a candidate is rejected, his essay will be retained by the Medical Faculty.

VII. The essay must be in the candidate's own handwriting, and must be written uniformly on letter-paper of the same size, the alternate pages being left blank.*

VIII. Bad spelling in a Thesis, or evidences of a want of literary culture, will preclude a candidate from examination for a degree.

IX. A Thesis may be published by the candidate if he desire it,

* The essay should be written upon Thesis paper. This is for the purpose of convenient binding together into volumes. It is recommended to the candidate to prepare his thesis before the commencement of the second course of lectures.

the permission of the Professor by whom he was examined thereon being first obtained; but no alteration shall be made in such thesis without the consent of the said Professor.

X. The voting on the case of each candidate is by ballot. Candidates who have not been successful upon a first examination will be permitted to have a second, when all the classes have been disposed of by the Faculty. The second examination will be conducted in full meeting of the Professors.

XI. The candidate shall pay the fees of graduation at the time of his examination, or before receiving notice of his success; his name may then be entered on the Register of passed candidates, for the purpose of being reported to the Board of Trustees and included in the mandamus for a Degree.

XII. Candidates who have passed their examination, and in other respects complied with the regulations, are to be reported by the Dean to the Provost, who will communicate such report to the Board of Trustees, in order that, if approved of by them, their mandamus be issued for conferring the Degree.

XIII. The Degree will not be conferred upon a candidate who absents himself from the Public Commencement, except by special permission of the Medical Faculty.

XIV. Graduates of Medical Schools, on the *ad eundem* list, by attending one complete course in this Institution, and complying with the above regulations, are put upon the same footing with students who have attended two complete courses here; that is, they may present themselves as candidates for graduation: also, if they attend a second time, the tickets will be free. Such graduates, if of five years' standing, are permitted to attend the course of Lectures, upon a general ticket of admission, free of expense, except the cost of the matriculating ticket. But this general ticket does not qualify for graduation.

EXPENSES.

Fees for the Course of Lectures	\$140
Matriculating Fee (paid once only)	5
Graduating Fee	30

* * No scholarships are sold by the UNIVERSITY OF PENNSYLVANIA.

The Lectures of the Session of 1872-73 will commence on the first Monday (7th) of October, and close on the last day of February ensuing.

TEXT-BOOKS AND WORKS OF REFERENCE.

On Practice of Medicine: Wood's Practice of Medicine; Stillé's Therapeutics; Walshe on the Diseases of the Heart and Lungs, including Physical Diagnosis; Rindfleisch, or Green, on Morbid Anatomy.

On Anatomy: Leidy's Elementary Treatise on Human Anatomy; Wilson's Anatomy, with Kölliker's Microscopical Anatomy; or Sharpey and Quain's Anatomy; Gray's Anatomy; Agnew's Dissector.

On Materia Medica: Carson's Synopsis; Wood's Therapeutics; Wood and Bache's Dispensatory; Abridgment of Pereira's Materia Medica.

On Chemistry: Fownes' Chemistry; Johnston's Turner's Chemistry; Brande and Taylor's Chemistry; Lehmann's Physiological Chemistry, by Rogers; Taylor's Toxicology.

On Surgery: Smith's Principles and Practice of Surgery; Erichsen's Surgery; Paget's Surgical Pathology; Macleod's Surgical Diagnosis.

On Institutes of Medicine: Marshall's Physiology; Carpenter's Physiology; Kirkes' Manual.

On Obstetrics: Hodge's Obstetrics; Hodge on Diseases Peculiar to Women; West on Diseases of Women; West on Diseases of Children; Meigs and Pepper on Diseases of Children.

MUSEUM AND CABINETS.

The WISTAR AND HORNER MUSEUM, which was founded nearly ONE HUNDRED YEARS ago, and has been annually augmented, is unequalled in the United States. It contains specimens of the normal and the morbid anatomy of every part of the human body, as well as a large number of preparations in comparative anatomy, and an extensive collection of artistic models, all of which are used in illustrating the several courses of lectures delivered in the

Medical Department. The ticket of matriculation in this Department entitles the holder to admission to the Museum, which is open on Wednesday and Saturday of each week, from 9 to 12 A. M., throughout the session.

The CABINET of the Professor of Theory and Practice of Medicine, collected by Dr. George B. Wood while he held that chair, and generously placed by him at the service of his successors, contains an extensive series of drawings, and abounds in wet preparations, and models in wax, and other materials, which together form a collection unrivalled in extent and value, illustrating diseases of the internal organs and of the skin.

DEMONSTRATIVE AND CLINICAL INSTRUCTION.

During the Spring and Summer students of the Medical Department are entitled to attend the Lectures of the Auxiliary Faculty on subjects which form a scientific basis for medicine, or illustrate several of its branches. For a month before the opening of the Winter Session Clinical and Demonstrative lectures are delivered on Physical Diagnosis, Microscopy, Diseases of the Eye and Ear, and other subjects, without additional fees. The Medical Faculty cannot too strongly urge upon medical students the great advantages of these courses, which are so arranged as not to interfere with the lectures and the bed-side instructions given at the several hospitals.

UNIVERSITY CLINICS.

The system of *daily* clinical lectures and demonstrations at the University which was inaugurated last year, has proved eminently successful. Under the control of the Professor of Surgery, Dr. D. HAYES AGNEW, and of the Lecturer on Clinical Medicine, Dr. WILLIAM PEPPER, assisted by the gentlemen whose names appear elsewhere, a very large number of cases have been treated before the class, and all the most important operations in surgery amply illustrated. The Faculty have every reason to believe that the students estimate very highly the advantages of these Clinical courses.

UNIVERSITY DISPENSARY.

The Dispensary of the University is open daily throughout the year, and is attended by a large number of patients. It affords an excellent opportunity for each student to acquire skill in the diagnosis and treatment of disease under a competent instructor.

SURGICAL WARDS.

For the accommodation of such persons as require Surgical treatment, WARDS, with proper attendants, are provided in the College Building. Capital operations, as Lithotomy, Amputation, &c., are frequently performed, and the patients are subsequently dressed and prescribed for in the presence of the class.

HOSPITALS AND HOSPITAL CLINICS.

Clinical Instruction (*without fee*) is given throughout the year at the PHILADELPHIA HOSPITAL, which contains 900 beds, and is the only large hospital in America in which all the members of the Medical Staff are continuously on duty. Clinical lectures on Medicine, Surgery, and the Diseases of Women and Children are delivered there twice a week. The Professor of Theory and Practice delivers his lectures on Clinical Medicine in this Institution throughout the lecture term. Lectures on Clinical Surgery in the PENNSYLVANIA HOSPITAL are delivered twice a week during the whole year by the several members of the Medical Staff. Among the other Hospitals where Clinical Instruction is given, and which are accessible to students, may be mentioned: the EPISCOPAL, WILLS (Eye Hospital), CHILDREN'S, LYING-IN, ST. JOSEPH'S, ST. FRANCIS', GERMAN, and JEWISH HOSPITALS.

The following Dispensaries are also available for students, many of whom are systematically instructed in practice by the visiting physicians: The PHILADELPHIA, The SOUTHERN, The NORTHERN and The MOYAMENSING DISPENSARIES.

Numerous appointments of RESIDENT PHYSICIANS are made annually in the different Hospitals of the city, and are open to competition by the graduates of the school.

PRACTICAL ANATOMY.

The DISSECTING ROOMS of the University are open throughout the year (except July and August), under the superintendence of the Professor of Anatomy, and the Demonstrator. Many *improvements* have been made, which will aid the student in the prosecution of his studies, and will greatly tend to the preservation of his health and comfort. Every table has a stone top, which can be kept perfectly clean, marble wash-stands have been erected, and private closets built, in which students may place their instruments, books, and clothing, and keep them safe and clean. The light and ventilation have been made much more perfect. The preservation and injection of the *cadaver* have been accomplished with great success by new and better methods. As dissection is now legalized in Pennsylvania, the cost of *materials* is very small.

PRACTICAL SURGERY.

The OPERATING ROOM is open during the Session, under the supervision of the Professor of Clinical and Demonstrative Surgery, and his Assistants. Every student is here thoroughly instructed and practically trained in the application of bandages and surgical apparatus, and in the performance of operations upon the cadaver. Instruments, splints, and bandages are supplied free of cost.

PRACTICAL CHEMISTRY.

Instruction in Practical Chemistry will be given under the superintendence of the Professor, in the Chemical Laboratory, either in the spring or autumn, at such times as will not interfere with the other studies of the student.

Each student will be furnished with a separate table, chemicals, and apparatus, and will be conducted through the process of chemical manipulation, of qualitative and quantitative analysis, and all the details useful to the medical practitioner.

PRIZES.

TWO PRIZES of One Hundred Dollars each will be awarded to the members of the Graduating Class of 1872-73 for the two best

Essays upon Medical subjects, provided such Essays are of sufficient merit to be worthy of publication.

One of these prizes has been instituted by the SOCIETY OF THE ALUMNI of the Medical Department of the University.

The other has been authorized by a liberal friend of the University, a member of the Board of Trustees.

The names of those successful in securing the prizes will be announced at the Annual Commencement of the Medical Department.

AUXILIARY BRANCH OF MEDICAL DEPARTMENT.

The branches of Natural History, forming the subjects of the three Professorships of Zoology and Comparative Anatomy, Botany, and Mineralogy and Geology, will be taught mainly in reference to their medical relations.

All students who have matriculated in the Medical Department, and have taken the tickets of two of the Medical Faculty, have the right of admission to the lectures. Attendance upon these lectures is not compulsory upon the students in the Medical Department.

The several courses will each consist of at least thirty-four lectures, to be delivered, at hours fixed by the Faculty, three times a week during the months of April, May, and June, commencing on Monday, March 25.

The degree of Doctor of Philosophy will be conferred upon those medical graduates who shall have attended two courses of lectures, and have passed a satisfactory examination thereon by the Faculty. To such, a Diploma will be granted by the University.

AUTUMN COURSE OF PRELIMINARY LECTURES FOR 1872.

This Course will commence on Monday, September 2d, and terminate on October 5th.

The Lectures will be delivered as follows:—

MICROSCOPY	JAMES TYSON, M. D., Pathologist to the Philadelphia Hospital.
REGIONAL ANATOMY	H. LENOX HODGE, M. D., Surgeon to the Children's Hospital.
CLINICAL MEDICINE AND PHYSICAL DIAGNOSIS	WILLIAM PEPPER, M. D., Physician to the Philadelphia Hospital.
DISEASES OF THE SKIN	LOUIS A. DUHRING, M. D.,
MORBID ANATOMY	JOSEPH G. RICHARDSON, M. D., Assistant Physician to the Episcopal Hospital.

CLINICAL LECTURES

DAILY THROUGHOUT THE YEAR.

D. HAYES AGNEW, M.D.,

PROFESSOR OF SURGERY.

WILLIAM PEPPER, M.D.,
Lecturer on Clinical Medicine and
Physical Diagnosis.

JAMES TYSON, M.D.,
Clinical Lecturer on Microscopy and Uri-
nary Chemistry.

WILLIAM GOODELL, M.D.,
Clinical Lecturer on Diseases of Women
and Children.

GEORGE STRAWBRIDGE, M.D.,
WILLIAM F. NORRIS, M.D.,
Clinical Lecturers on Diseases of the Eye
and Ear.

JAMES E. GARRETSON, M.D.,
Clinical Lecturer on Surgical Diseases of
the Mouth.

LOUIS A. DUHRING, M.D.,
Clinical Lecturer on Dermatology.

ASSISTANTS TO THE MEDICAL CLINIC.

JAMES TYSON, M.D., Chief of the Medical Dispensary.
CHARLES SHAFFNER, M.D., } Assistant Dispensary Physicians.
ROLAND G. CURTIN, M.D., }

ASSISTANTS TO THE SURGICAL CLINIC.

CHARLES T. HUNTER, M.D., Chief of the Surgical Dispensary.
SAMUEL S. STRYKER, M.D., DE FOREST WILLARD, M.D.,
FRANK MUHLENBERG, M.D., ELLIOTT RICHARDSON, M.D.
WILLIAM ASHBRIDGE, M.D., WILLIAM G. PORTER, M.D.,
JAMES MARKOE, M.D.

ASSISTANT DEMONSTRATORS OF ANATOMY.

LEONARDO S. CLARK, M.D., RODOLFO VALDIVIESO, M.D.,
GEORGE A. REX, M.D., EUGENE P. BERNARDY, M.D.,
CHARLES B. NANCREDE, M.D., HENRY W. NEWCOMET, M.D.,
STANLEY P. NEWSHAM, M.D.

DEMONSTRATORS OF PRACTICAL SURGERY.

CHARLES T. HUNTER, M.D., Demonstrator.
WILLIAM ASHBRIDGE, M.D., FRANK MUHLENBERG, M.D.,
DE FOREST WILLARD, M.D., ELLIOTT RICHARDSON, M.D.

ASSISTANT TO THE PROFESSOR OF CHEMISTRY.

GEORGE M. WARD, M.D.

REGULATIONS, Etc.,

OF THE

LAW DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

It is the design of this Department to aid in preparing gentlemen for admission to the Bar, and, also, to offer to those who have not the Bar in view an opportunity of acquiring knowledge in any one or all of the branches of legal learning. The Conveyancer and the Merchant may attend, with profit, the particular lectures appropriate to their respective pursuits.

By special Rules of the District Court for the City of Philadelphia, gentlemen who have proceeded Bachelor of Law in this University, served a regular clerkship in the office and under the direction of a practising attorney, for *one* year, and complied with the rules as to registry and examination, may be admitted to practise, if their term of study, altogether, has been three years, or two years after the age of twenty-one. It is believed that admission to the Bar in Philadelphia will entitle to admission in any part of Pennsylvania, and in many other States of the Union.

The Professors do not presume to embrace in their course the peculiar laws and rules of procedure of all parts of the Union. Their design is so to discipline and prepare the mind by instruction in the principles of jurisprudence and their application in Pennsylvania, that other local codes can be acquired with facility and advantage. The foundations of the laws of most of the States are the same.

Students may matriculate at any stage of their professional preparation.

Students are not examined for matriculation, nor is it possible to require, peremptorily, a college degree, or any previous line of study. This must be left to circumstances, to the views of the student, and to the influences which control him.

Instruction is conveyed by lectures, and by books and portions of books upon the subjects of the lectures, which are recommended by the Professors. The students are frequently and carefully examined. Moot courts are held, at which questions are argued. And the Law Academy of Philadelphia, an institution of long standing, to which not only students, but many practising lawyers belong, gives opportunity for debate and argument which has been found of the greatest practical advantage.

There are two terms each year. The first term begins on the first of October, the second on the first of February. Each term continues four months. From the first day of June to the first of October is vacation. The course is so arranged that a student entering at the commencement of any October term will complete his term of study in two academical years.

Students who have attended four consecutive terms with each Professor, may, upon the recommendation of the Faculty, proceed Bachelors of Law.

Students who have attended any one or two of the Professors only, may receive from each Professor certificates of proficiency.

The fee to each Professor is ten dollars for each term of four months.

In all cases where a student is a proper object for such indulgence, he will be allowed to attend the lectures without charge.

Those who have received the degree of Bachelor of Laws may attend all future lectures free of charge.

ARRANGEMENT OF THE COURSE.

PROFESSOR MILLER.

For the first term, beginning October 1, 1872, ending February 1, 1873, Real Estate.

For the second term, beginning February 1, 1873, ending June 1, 1873, Conveyancing.

For the third term, beginning October 1, 1873, ending February 1, 1874, Equity Jurisprudence.

For the fourth term, beginning February 1, 1874, ending June 1, 1874, Equity Jurisprudence.

PROFESSOR MORRIS.

For the first term, as above,	Practice and Pleading at Law.
For the second term,	Practice and Pleading at Law.
For the third term,	Evidence.
For the fourth term,	Practice and Pleading in Equity.

PROFESSOR HARE.

For the first term, as above,	General Jurisprudence; International Law.
For the second term,	Sources of Municipal Law; Constitutional Law.
For the third term,	Law of Persons, and Personal Property; Mercantile Law.
For the fourth term,	Mercantile Law; Law of Debtor and Creditor; Criminal Law; Conflict of Laws.

The course for the four terms, beginning October 1, 1874, ending June 1, 1876, will be, unless some change is announced, a repetition of the above. It will be perceived, therefore, that a student entering on the 1st of October of any year, and continuing four terms, will have a complete course, though the studies will not be presented in the same order to him as to those who have entered in the previous October.
